Hey Sarah,

I agree with you on the duplication of post card and PP; no point in mailing out a post card.

Thanks,

Jeryl

Hi Jeryl,

Thanks! Attached find an example of a PP Public Notice for the newspapers and the Anaconda NPL proposal public notice. Let me know if you have questions!

Best,

Sarah

Hey again, Sarah.

I'm attaching 3 versions of the NDEP logo, of varying sizes.

Hopefully one of these will work for you.

That's all I can find that's available to us, but someone may have better resolution of the horizontal logo.

Hi Jeryl,

Yes, I can coordinate the postcard. Just send me the language that you want to include. You might also want to send me a high-quality image of NDEP's logo- I can see if I can include it on the card as well.

I've been in Arizona this week, but I can send you some language tomorrow when I'm back on my computer. You may want to reference the notice we sent out re: NPL proposal. The style doesn't have to be in any particular way, it just needs to clearly state the purpose of the proposed plan, briefly describe the problem and describe the proposed alternatives/remedy. It should also have the date/time of the community meeting and the public comment period details.

All the info can be included in one notice. I'm assuming the final version of the proposed plan also has the meeting and comment period details in it- then you've covered all your bases!

I might still be lagging in responsiveness until the end of today, but I'm in the office tomorrow.

Sarah

Hi Sarah,

Do you think you will be able to coordinate the postcard?

Let me know your thoughts on that when you can.

Also, could you provide me with general language/style for the public notice for RGJ?

Does the meeting require a separate notice from the public comment period, or can both purposes be accomplished in one notice?

Thanks again for your help!

Jeryl

Hi Sarah,

Can you have your postcard contractor take care of the PP postcard?

Thanks,

Jeryl

Hi Jeryl,

EPA places ads through an "Ad Placement Coordinator" (California Newspaper Service Bureau) so I don't have a specific contact at the RGJ/MVN, but you can go on their website <http://solutions.rgj.com/contact-us> or call them at (775) 788-6206. The one important thing is to request that it runs both online and in print (not just print). Both newspapers are managed by RGJ now, so it should be all in one.

Let me know if you have questions,

Sarah
